Oesophageal Cancer Fund

WE'RE BRINGING THE GOOD FIGHT TO A BAD CANCER

A Message from Pádraig Harrington

Dear Friend,

As Patron of the Oesophageal Cancer Fund (OCF), I am incredibly proud to support the work of OCF in raising awareness of both oesophageal cancer and stomach cancer and in supporting patients and their families.

This is a cause that is deeply personal to me. My father, Paddy, died from oesophageal cancer 21 years ago and I know the devastating impact this disease can have on families. That is why I believe so strongly in the work OCF carries out every day to promote awareness, encourage earlier diagnosis, fund vital research and provide support when it is needed most.

Golf Clubs have always played an important role in their local communities and every year Captains, Committees and Members come together to support charities through Captain's Charity Days, Open Competitions and other club fundraising events. Looking ahead to 2027, I would encourage you to consider putting OCF forward as your club charity or fundraising partner.

Every Euro raised helps OCF continue its life-saving work, giving more people the chance of an earlier diagnosis and better outcomes.

Together, we can make a real and lasting difference.

Yours sincerely

Pádraig Harrington
Patron, Oesophageal Cancer Fund
